

Surviving Skin Presents: The Skin Fair

Interested in bringing a Surviving Skin presentation to your school? How about bringing an entire skin fair! Surviving Skin has teamed up with three companies that not only care about the issue of melanoma, but run organizations that exemplify their commitment to the cause. Contact Meghan Rothschild at MRothschild@SurvivingSkin.org to bring this great program to your school today!

Envy Mobile Tan is an airbrush tanning company that brings the luxury of a safe, healthy, and natural tan to you. Envy mobile tan is proud to help women feel great while making smart decisions about their skin. Airbrush tanning is a safe alternative to UV tanning. Envy Tan was recently named as Top Spray Tan in Boston in the July issue of Allure Magazine. We use an exclusive solution that can be customized to each client's skin tone and needs.

Do you know that there are toxins and unsafe chemicals in the cosmetics and skin care products that we use every day? Ava Anderson Non-Toxic can inform you of these dangers and at the same time offer you a safe solution. After months of research and work with scientists from a leading cosmetics manufacturers, founder Ava Anderson launched a line of cosmetics and skin care in which every ingredient in every product had a "zero" rating on the Environmental Working Group's Cosmetics Database.
